8:30 am – 9:00 am

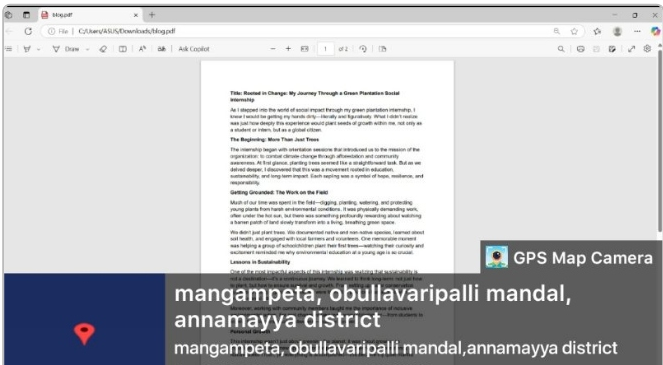

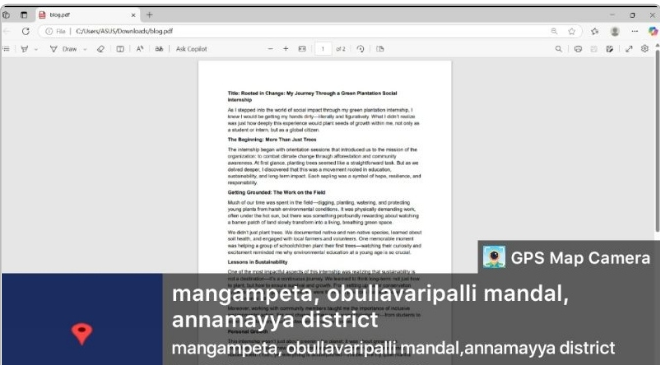

9:00 am – 9:30 am

9:30 am – 10:00 am

Write a short reflective blog/article on the day

Today's green plantation efforts are crucial, not just for environmental benefits, but also for creating a more vibrant and resilient future. Planting trees reduces pollution, combats climate change, and provides essential resources like clean air and fresh water. It also fosters biodiversity by creating habitats for various species. These actions offer a sense of hope and connection to nature, reminding us of the importance of taking care of our planet.

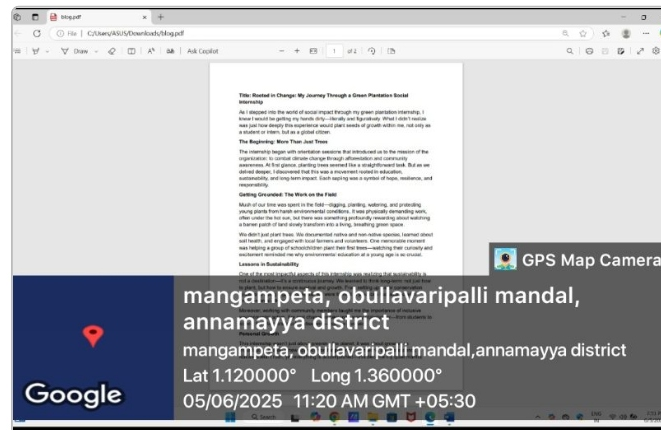

10:00 am – 10:30 am
